Work Objective:

My current work objective is to find a job that I am passionate about and that I can participate in. I want to use my driven attitude and desire for success in a way that is beneficial to me and my employer.

Education:

Heritage High School: Graduated
Courses include mostly honors and A/P
Current GPA is 3.37

Skills:

Teamwork: Being a Football and soccer player; I truly understand the commitment to being a true team player regardless of the situation I am faced with. I work hard and my goal is to give my very best in every scenario while supporting the people around me.

Encouraging Attitude & Manners: I constantly maintain a positive and encouraging attitude. I have excellent manners (thanks to my parents, and peers). I also have well-thought-out written, verbal, and grammar skills.

Experience:

Dec 2020 – May 2021: Student at Georgia Tech

- Taking classes to become a full stack developer.
- Currently A Front End and Back End developer.

June 2019 – December 2020: Apprentice Electrician for the IBEW chapter 613

- Installed panels, hardware, lights, and CAT5 for Facebook in Social Circle.
- Maintenance and trouble shooting of different electrical problems.
- Installation and maintenance of panels, fire alarm systems, as well as conduit fabrication at GJAC in Lawrenceville, GA.

Oct. 2018 – May. 2019: Cart attendant/ server/ dishwasher at Brookstone Country Club

- Managed all golf cart and outdoor activities at the club. Ensured that every member was fully taken care of. Coordinated multiple other employees to ensure that all our duties were completed within our time frame.
- Ran and served food at multiple events and dinners with 200+ guests in attendance. Set up, organized and managed a fully sized bar.

Jan. 2018 -Sept. 2018: Lead Installation technician for Veterans Lighting Inc.

- Assisted clients in creating a detailed plan for lighting the exterior of their homes. Performed cost analysis for clients as well as installation.

May 2014 -Aug. 2017: Head Lifeguard at American pools

- Managed employee schedules and shifts for my designated pool. Tested and adjusted chemicals according to the safety guidelines daily. Diagnosed and fixed any and all problems with any equipment or pumps.

Achievements:

Acceptance into Georgia Tech Coding Bootcamp.

Acceptance into Kennesaw State University: Fall of 2016

Helping the community through my church with mission trips and other projects.

Hobbies:

Outdoor sports and activities including soccer, football, weightlifting, hiking, fishing and camping. I am also an avid reader and writer.
